"United Regional has an unwavering commitment to delivering excellent care across our entire continuum, and Allscripts will help us standardize our case management throughout the organization," said Phyllis Cowling, President and Chief Executive Officer of United Regional.

Allscripts Care Management will build on United Regional's portfolio of Allscripts solutions including [Sunrise Clinical Manager](#), [Sunrise ED Manager](#) and [Sunrise Record Manager](#).

"Allscripts Care Management will enable us to take full advantage of the Sunrise suite of solutions," said Nancy Townley, Chief Operating Officer of United Regional. "Ultimately with Allscripts, we can collect all of our patient information and present it to caregivers in a single view. This single source of validated information will require users to enter only one place, one time and will enable them to retrieve all data."

A fully-integrated, [web-based solution](#), Allscripts Care Management simplifies and consolidates utilization management, discharge planning, documentation integrity, audit management, quality management and risk management. Providing a single worklist for all care management processes, the Allscripts system transforms the administrative process for hospitals and post-acute care facilities.

"As healthcare moves toward managing patients and populations, with an eye toward accountable care, our vision of a Connected Community of Health fits well with United Regional's leadership in this area," said Glen Tullman, Chief Executive Officer of Allscripts. "We look forward to helping United Regional create insights that lead to better outcomes for the communities it serves and better workflows for its providers."
