About Veradigm®

Veradigm is a healthcare technology company that drives value through its unique combination of platforms, data, expertise, connectivity, and scale. Some healthcare technology companies deliver clinical data for biopharma and health plans, some help turn that data into insights, others serve healthcare providers directly by providing point-of-care clinical software and patient outreach platforms. Veradigm does it all. The Veradigm Network features a dynamic community of solutions and partners providing advanced insights, technology, and data-driven solutions, all working together to transform healthcare insightfully.
