New solution to help providers digitally engage with patients, improving both practice efficiency and the patient experience

CHICAGO--(BUSINESS WIRE)--Nov. 7, 2023-- Veradigm, Inc. (NASDAQ: MDRX), a leading provider of healthcare data and technology solutions announced today that it will now offer a new solution to help increase payment rates, accelerate time to payment, and reduce manual reconciliation time for healthcare provider practices. Veradigm Intelligent Payments is a bundle of financial communications and payment solutions and is now available within Veradigm Payerpath via a collaboration with RevSpring, a leading and respected provider of healthcare engagement and payment solutions.

Veradigm Intelligent Payments offers healthcare organizations the ability to digitally engage with patients for the delivery of patient statements and collection letter communications, easing the administrative burden experienced by many healthcare provider practices. It also includes an enhanced online bill payment portal to improve both practice efficiency and patient satisfaction. This new solution helps practices confidently shift to a more easily actionable digital delivery of financial communications that provides patient engagement via preferred channels.

“With Veradigm Intelligent Payments, even more healthcare providers will enjoy delivering a simplified approach to their patients’ payment journey which in turn, increases patient satisfaction,” said Tom Langan, President, and Chief Commercial Officer of Veradigm. “This solution will provide overall value to our clients by offering the right payment option to each individual patient through the right communication channel.”

“We are very excited to join the Veradigm Network with the opportunity to deliver our market-leading patient payments solution into the hands of the vast Veradigm customer base,” said RevSpring CEO Scott MacKenzie. “The impressive reach Veradigm holds amongst healthcare providers aligns with our growth goals and allows us to positively impact the financial health of providers and their patients through this strategic collaboration.””
