

Veradigm Network Solution Practice Fusion EHR Receives Top Ambulatory Rankings

April 9, 2024

CHICAGO--(BUSINESS WIRE)--Apr. 9, 2024-- [Veradigm®](#) (OTCMKTS: MDRX), a leading provider of healthcare data and technology solutions, announced today that [Black Book](#), a healthcare-centric market research and public opinion research and consulting company, has ranked Practice Fusion first for Ambulatory EHR PM Family Practice and Ambulatory EHR PM Primary Care General Practice within its 2024 Top Client/User-Rated Electronic Health Records & Practice Management Solutions report.

[Practice Fusion](#), a Veradigm Network solution, is a cloud-based electronic health record (EHR) system designed specifically for independent practices, designed to meet the needs of medical professionals, service providers, and patients. It supports over 31,000 clinicians and helps drive better care for 5 million patients a month. Practice Fusion's comprehensive system ensures secure and reliable access to all patient and practice information. The EHR is designed to streamline administrative tasks and provide clinicians with the tools they need to provide the best possible patient care. Practice Fusion's wide range of features, including clinical charting, lab and imaging integration and e-prescribing, helps practice staff save time and increase efficiency.

Practice Fusion's recent offering, Practice Fusion Billing Services helps alleviate independent practices from the complexities and arduous tasks associated with medical billing by boosting efficiency and productivity and improving financial health.

"Veradigm is committed to providing independent practices with a high value, cost-effective EHR that coordinates patient care with a unified practice management system," said Tom Langan, President and Chief Commercial Officer of Veradigm. "Receiving top rankings from both, family practices and primary care general practices affirms our dedication and goal to help providers deliver better and more streamlined care for their patients."
