

Black Book Ranks Veradigm EHR the #1 Ambulatory EHR for Family Practice and Primary Care Practices

February 3, 2025

EHR solution receives top rankings for ease of navigation, telehealth integration and client experience, amplifying company's commitment to supporting ambulatory provider practices

CHICAGO--(BUSINESS WIRE)--Feb. 3, 2025-- [Veradigm®](#) (OTCMKTS: MDRX), a leading provider of healthcare data and technology solutions, announced today that [Black Book Research](#), a leader in healthcare industry insights, has ranked Veradigm EHR first for both Ambulatory EHR Family Practice and Ambulatory EHR Primary Care General Practice in its 2025 Top-Rated EHR Vendors by Specialty. The prestigious rating solidifies Veradigm's commitment to designing technology for providers, empowering informed patient care, streamlined workflows and enhanced operational efficiencies, amidst the continuous industry regulatory changes.

This Black Book list, based on a comprehensive nine month survey of 33,516 respondents across the U.S., recognizes the leading EHR companies within various medical specialties for their innovative solutions, exceptional performance, and user satisfaction. The survey includes feedback from medical professionals, practice managers, and administrators, offering insights into the most effective and reliable solutions that help streamline operations, improve patient care, and enhance clinical workflows.

"High-performing EHR vendors excel because they embody agility in adapting to regulatory shifts, interoperability that breaks down data silos, patient-centric innovations that redefine engagement, and efficiency that streamlines practice workflows," said Doug Brown, President of Black Book Research. "These attributes position them as indispensable partners, empowering physicians to thrive in an increasingly complex and tech-driven healthcare landscape."

[Veradigm EHR](#) is a robust platform that has grown with tens of thousands of providers nationwide for decades. With Veradigm's easy navigation and telehealth integration, the company achieved a 9.3 out of 10, translating to a 93% client experience rating. Today's healthcare providers are busier than ever, often overburdened with administrative tasks - a key contributor of burnout - while simultaneously working to navigate the shift to value-based care. By prioritizing provider needs and innovation to deliver improved experience, including the recent [launch](#) of Veradigm Ambient Scribe, Veradigm continues its commitment to improving the daily lives of providers.

"We are honored to be recognized by Black Book Research's distinguished rating, including first for both Ambulatory EHR Family Practice and Primary Care General Practice. Veradigm is committed to providing tools that help clinicians deliver better patient care, whether through streamlined documentation, improved access to patient data, or more integrated care coordination," said Tom Langan, Interim Chief Executive Officer of Veradigm. "Veradigm EHR is continuously evolving based on user feedback and we are committed to maintaining high standards. With the recognition driven by customer responses, we're excited by the validation that our processes are working to transform healthcare insightfully for providers."
