

Veradigm Provides Business and Strategy Update

February 17, 2026

CHICAGO--(BUSINESS WIRE)--Feb. 17, 2026-- [Veradigm®](#) (OTCMKTS: MDRX), a leading provider of clinical and revenue cycle solutions for independent practices, is providing estimated financial performance for the fiscal year 2025 and key areas of strategic focus for 2026.

"On my first investor call in October, I committed to advancing three strategic objectives in my first 100 days: reset our business strategy, recover our market leadership with independent physician practices and reignite profitable growth," said Donald Trigg, CEO of Veradigm. "As we move through the first quarter, our 'Reset, Recover, Reignite' plan is launched. We have made progress on our work to 'get current and stay current' with our SEC filings. I am excited to update the investor community on our 2026 strategic focus on Wednesday morning."

"We closed fiscal 2025 in line with our expectations. Our topline performance held steady. Our capital position remained strong," said Lee Westerfield, Interim Chief Financial Officer. "Revenue was approximately flat with 2024, as expected. Net cash remained positive throughout 2025, with access to additional liquidity secured."

Management currently estimates the following preliminary unaudited financials:

- Revenue on a GAAP basis in a range between \$590 million and \$595 million for fiscal year ending December 31, 2024, revised upward from the prior outlook issued on March 18, 2025.
- Revenue on a GAAP basis in a range between \$584 million and \$589 million for fiscal year ending December 31, 2025, down 1% at the mid-point of ranges compared to full year 2024.
- Cash and equivalents of \$120 million as of December 31, 2025 as compared to \$294 million as of December 31, 2024.
 - Cash and equivalents decreased by \$174 million. The change in cash was driven by:
 - \$159 million of net outflows from debt financing activities, which included repurchasing our Convertible Notes and issuing new senior secured debt⁽¹⁾
 - \$14 million of outflows for prior acquisitions
 - \$31 million of net inflows from investment portfolio activity
 - \$62 million of outflows for Transaction and other expenses⁽²⁾
 - \$62 million of net inflows from operational items that include working capital, interest, taxes and other
 - \$32 million of outflows for capital expenditures
- Debt of approximately \$75 million as of December 31, 2025, consisted of the senior secured term loan credit facility (the "Term Loan Facility") with a maturity date of June 18, 2030.

As of December 31, 2025, the Company had 108.8 million shares of common stock outstanding and 11.6 million unvested restricted stock units outstanding.

(1) Net outflows from debt financing activities of \$159 million include repayment of Convertible Notes of \$229 million, consisting of aggregate stated principal of \$208 million and contractual repurchase premium of \$21 million, offset by net borrowings under the Term Loan Facility of \$70 million.

(2) Transaction and other revenue and expenses relate to certain favorable and unfavorable legal settlements, severance, investigations, internal reviews, restatement-related accounting advisory services and legal services and other charges incurred in connection with activities that are considered not reflective of our core business.
